

SUPERDOPHILUS FORTE®

SUPERDOPHILUS FORTE FEATURES

- Helps destroy invading hostile bacteria by producing natural antibiotic substances
- As an antimicrobial, may suppress undesirable microorganisms in the intestines, by some competitive means, e.g., production of lactic acid and other inhibitory substances
- May help reduce levels of potentially harmful bacterial enzyme activity in the large intestine
- Helps lessen the production of hostile yeasts
- Helps maintain and support a healthy immune system
- Can help relieve occasional bloating, constipation and loose stool.

SUPERDOPHILUS FORTE MAY HELP SUPPORT
