ROASTED ALMOND HEMP BUTTER

285 g / 10 oz

**Gluten Free Certified,
Non-GMO, Vegan**

A unique nut butter that is first its kind on the market. Made with almonds that are roasted and crushed in-house, organic hemp hearts and organic coconut sugar. A sweet and high protein treat that is full of density and texture. Since baking and cooking is all about ratios we were inspired to base ours on the Fibonacci sequence. We found that the sequence appearing in nature, finance, music and art, worked just as marvelously in our new mathematically inspired recipes.

Ingredients: roasted almonds, organic hemp hearts, organic coconut sugar.
