Adults take 1 capsule per day on an empty stomach at least 2 hours after a meal (such as in the morning or before bedtime).

Does not Contain: Dairy, egg, gluten, soy, wheat, corn, yeast, nuts, artificial sweeteners, preservatives, colors or flavors.

CAUTIONS:

Do not use if you are pregnant or breastfeeding. If symptoms persist or worsen, discontinue use and consult a health care practitioner. Discontinue use if gastrointestinal effects occur. Consult a health care practitioner prior to use if you have gastrointestinal lesion/ulcer, excess stomach acid, are taking antiplatelet medication, anticoagulant/blood thinner or anti-inflammatory or antibiotic medication, or are having surgery, or if you have allergy to latex or fruits. Hypersensitivity/allergy, nausea, vomiting and diarrhea has been known to occur; in which case, discontinue use. Consult a health care practitioner prior to use if you are pregnant or breastfeeding. Sealed for your protection. Keep sealed, store in a cool, dry place at 15–25°C. **Keep out of reach of children.**

DID YOU KNOW?

Serrapeptase is a proteolytic enzyme isolated from the bacteria *Serratia* inhabiting the gut of the silk worm. It can breakdown non-living tissue such as blood clots, cellular debris, fibrin and therefore reduce inflammatory response including the removal of fluids secreted as a response to injury (swelling).

PROVITA - A STORY OF LOVE AND HEALING -

Our founder, Dr. Lucian Delcea, started Provita out of necessity. His wife was ill. And when drugs failed her, he began his search for an alternative. Before Provita launched in 2005, he sifted through countless hours of research; counseling with some of the top European naturopaths to produce more progressive support for the body's functions. Dr. Delcea came to understand the body's healing process; how it could naturally overcome disease. All it needed were triggers to properly recognize and absorb nutrients for self repair. Provita is not just a natural health line - it's an understanding of the body's own mechanisms. Dr. Delcea's now healthy wife is testament to that.
